Cemetery Board  
Lakeview Cemetery Board  
Harbor Springs, Michigan

In planning and performing our audit of the financial statements of Lakeview Cemetery Board for the year ended December 31, 2005, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure. However, we noted a certain matter involving the internal control structure and its operation that we consider to be a reportable condition under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect Lakeview Cemetery Board's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

**Segregation of Duties** – The Cemetery, as does other small governmental units, has various duties performed by the same individuals that may be performed by various individuals in a larger unit. The Treasurer is sole check signer, makes deposits and reconciles the bank statements. This lack of segregation of duties results in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements of the Cemetery may occur and not be detected within a timely period. This condition was considered in determining the nature, timing and extent of the audit tests applied in our examination of the 2005 financial statements, and this comment does not affect our report on these financial statements dated April 24, 2006.

During the course of our audit, we noted additional general comments for your consideration as follows:

Capitalization – We recommend increasing the threshold for capitalizing assets from \$200 to \$1,000. This should limit the accounting and depreciation of assets to those more significant.

We would like to express our appreciation for the excellent cooperation we received while performing the audit. If we can be of any assistance, please do not hesitate to contact us.

Independent Auditors' Report

Board Members  
Lakeview Cemetery Board  
Harbor Springs, Michigan

We have audited the accompanying financial statements of the governmental activities and the major fund of Lakeview Cemetery Board, Harbor Springs, Michigan as of and for the year ended December 31, 2005, which collectively comprise the Cemetery's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Cemetery's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of the Lakeview Cemetery Board as of December 31, 2005 and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's discussion and analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

## **Management's Discussion and Analysis**

### **Overview of the Basic Financial Statements**

Lakeview Cemetery Board's basic financial statements include three financial statements and notes to the financial statements. This report also contains required and other supplemental information in addition to the basic financial statements.

Under GASB statement No. 34, the Cemetery is considered to be a special purpose governmental unit due to engaging in only one type of activity. Therefore, the statement of net assets is combined with the balance sheet and the statement of activities is combined with the statement of revenues, expenditures and change in fund balance statement. The statement of revenues, expenditures, and changes in fund balance – budget to actual was prepared on the modified accrual basis.

### **Government-wide Financial Columns**

The government-wide columns (Statement of Net Assets and Statement of Activities) are designed to provide readers with a broad overview of the Cemetery's finances, in a manner similar to a private-sector business.

The Statement of Net Assets displays all of the Cemetery's assets and liabilities, with the difference reported as *net assets*. All long-term assets and debt obligations are presented.

The Statement of Activities focuses on the gross and net cost of the Cemetery's operations.

### **Fund Financial Columns**

The focus of the fund financial columns is on the sources and uses of funds during the current year.

The Cemetery maintains one individual governmental fund. Information is presented in the governmental fund balance sheet column and the governmental fund statement of revenues, expenditures and changes in fund balances column.

### **Notes to the Financial Statements**

The notes provide additional information which is essential to a full understanding of the data provided in the financial statements.

## Government-wide Financial Analysis

The table below summarizes the Cemetery's net assets as of December 31, 2005:

**LAKEVIEW CEMETERY BOARD**  
**Statement of Net Assets**  
**December 31, 2005 and 2004**

	2005	2004
<b>Assets</b>		
Current and other assets	\$ 191,772	\$ 172,773
Capital assets - net of accum dep	<u>129,002</u>	<u>136,573</u>
Total assets	<u>320,774</u>	<u>309,346</u>
<b>Liabilities</b>		
Current liabilities	<u>108,259</u>	<u>114,566</u>
<b>Net Assets</b>

Unrestricted	<u>83,513</u>	<u>58,207</u>
Total net assets	<u><u>\$ 212,515</u></u>	<u><u>\$ 194,780</u></u>

At the end of the fiscal year, the Cemetery is able to report positive balances in both categories of net assets. The first portion of the Cemetery's net assets is its investment in capital assets. The Cemetery uses these capital assets in providing its services; consequently these assets are not available for future spending.

The remaining portion of net assets, unrestricted net assets, may be used at the Cemetery's discretion to meet ongoing obligations.

The results for the Cemetery as a whole are reported in the Statement of Activities, which is summarized below:

**LAKEVIEW CEMETERY BOARD**  
**Statement of Activities**  
**For the Years Ended December 31, 2005 and 2004**

	<u>2005</u>	<u>2004</u>
<b>Revenue</b>		
Program revenue:		
Sale of Lots	\$ 21,963	\$ 8,550

<b>Change in net assets</b>	17,735	11,586
<b>Net assets - beginning of year</b>	<u>194,780</u>	<u>183,194</u>
<b>Net assets - end of year</b>	<u><u>\$ 212,515</u></u>	<u><u>\$ 194,780</u></u>

As reported above, the Cemetery recorded \$131,771 of expenses. The majority of the Cemetery's activities were funded with property taxes of \$112,782.

**Fund Financial Analysis**

As of year end, the governmental fund reported a fund balance of \$83,513, which is \$25,306 more than the beginning of the year.

**General Fund Budgetary Highlights**

Final revenues were higher than final budgeted amounts by \$23,906. This was primarily due to more lot sales and grave openings than expected.

Final expenditures were higher than final budgeted amounts by \$3,389. This was primarily the result of a \$7,921 installation of a new larger water main which was not included in the budget at the time it was adopted.

## Capital Assets

At December 31, 2005 the District had \$129,002 invested in capital assets. The following table summarizes the capital asset activity for the year:

## Economic Factors

The Cemetery is primarily funded by property taxes which have provided a reliable funding base. Operating expenditures/expenses have also been relatively stable. There are no significant changes expected in the near future.

## Financial Contact

The Cemetery's financial statements are designed to present users with a general overview of the Cemetery's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be directed towards the Cemetery's office.

**LAKEVIEW CEMETERY BOARD  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2005**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Lakeview Cemetery Board was incorporated April 28, 1897, under the provisions of Act 411 of Local Acts of Michigan in 1897. The Cemetery operates under a Board form of government and provides for a joint board from the townships of Little Traverse, West Traverse and the City of Harbor Springs in Emmet County.

The Cemetery's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The Cemetery's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The following is a summary of the significant policies used by Lakeview Cemetery:

**Reporting Entity**

The accompanying financial statements have been prepared in accordance with criteria established by Governmental Accounting Standards Board Statement (GASBS) No. 14 (and amended by GASBS No. 39). GASBS 14 states the primary basis for determining whether outside agencies and organizations should be considered component units of the Cemetery and included in the Cemetery's financial statements is financial accountability. Financial accountability has been defined as follows: A primary government has substantive authority to appoint a voting majority of the component unit's board; the primary government is either able to impose its will on a component unit or there is a potential for the component unit to provide specific financial burdens on the primary government; and the component unit is fiscally dependent on the primary government. The Cemetery has no component units.

**Basis of Accounting**

In June 1999, the GASB issued Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. In accordance with Statement No. 34, the Cemetery is considered to be a Special Purpose Government due to engaging in only one governmental type of activity. To conform with the Statement, the Cemetery has included a Management's Discussion and Analysis section.

The government-wide columns (Statement of Net Assets and Statement of Activities) are reported using the economic resources measurement focus and the accrual method of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Program revenues are those directly associated with providing cemetery type services and include sale of lots and grave openings.

Governmental fund columns (Modified Accrual Basis) are reported using the resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. The Cemetery considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred.

## NOTES TO FINANCIAL STATEMENTS – CONTINUED

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

#### Fund Equity

Governmental funds report reserved fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for specific purposes. Designations of fund balance represent tentative management plans that are subject to change.

### NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

The Cemetery uses the following procedure in establishing the budgetary data reflected in the financial statements. Prior to the start of each fiscal year, an operating budget is adopted for the General Fund on a basis consistent with generally accepted accounting principles. Reported budgeted amounts are as originally adopted or as amended by the Lakeview Cemetery Board.

Excess of Expenditures Over Appropriations in Budgeted Funds – During the year, the Cemetery incurred expenditures in the general fund which were in excess of the amounts appropriated, as follows:

<u>Budget Item</u>	<u>Appropriation</u>	<u>Expenditure</u>
General Fund	\$120,811	\$124,200

### NOTE 3: DEPOSITS

Michigan Compiled Laws, Section 129.91, authorizes the Cemetery to make deposits and invest in the accounts of federally insured banks, credit unions, and savings and loan associations which have an office in Michigan. The Cemetery is allowed to invest in bonds, securities and other direct obligations of the United States or any agency or instrumentality of the United States; United States government or federal agency obligations; repurchase agreements; bankers' acceptance of United States banks; commercial paper rated within the two highest classifications which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan.

The Cemetery's deposits and investment policy are in accordance with statutory authority.

#### Cash Deposits

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the cemetery's deposits may not be returned to it. At year-end, the carrying amount of the Cemetery's deposits for governmental activities was \$80,943 and the bank balance was \$81,626. Of the bank balance, all was covered by Federal depository insurance.

### NOTE 4: CAPITAL ASSETS

Capital assets, which include property, buildings, equipment and infrastructure assets (e.g., roads, fences and similar items), are reported in the government-wide financial statements. Depreciable capital assets are recorded by the Cemetery when the initial individual costs are equal to or greater than \$1,000 and have useful lives greater than a year. All land has been recorded, even though its original cost was less than \$1,000. Any addition or improvement that either enhances a capital asset's efficiency or extends its expected useful life is also capitalized.

Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

# NOTES TO FINANCIAL STATEMENTS – CONTINUED

## NOTE 4: CAPITAL ASSETS – CONTINUED

Buildings, site improvements and equipment are depreciated using the straight-line method over the following useful lives:

Buildings/Improvements	30-40 years
Site Improvements	7-40 years
Equipment	5- 7 years

Capital asset activity for the Cemetery was as follows:

## NOTE 5: PROPERTY TAXES

### Current Revenue

Property taxes attach as an enforceable lien on property as of December 1, and are collected principally in January through March of the following year. The Cemetery receives its property taxes through Little Traverse Township, West Traverse Township and the City of Harbor Springs. The Cemetery is permitted to levy taxes as deemed necessary for general governmental services.

The 2004 State taxable valuation as of December 31, 2004 was \$642,545,313, on which taxes levied consisted of .17 mills for general governmental services.

**NOTE 5: PROPERTY TAXES – CONTINUED**

**Deferred Revenue and Taxes Receivable**

Property taxes attaching as an enforceable lien on property as of December 1, 2005, and collected principally in December, 2005 through March, 2006 have been recorded as deferred revenue since they are not budgeted to fund expenditures until 2006. A receivable has been recorded for the portion of these taxes uncollected at December 31, 2005. The 2005 State taxable valuation was \$685,661,163, on which taxes levied consisted of .15 mills for general governmental services.

**NOTE 6: RISK MANAGEMENT**

The Cemetery is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The Cemetery maintains insurance to cover these risks.
